Question: Additional comments
I would definitely recommend Dr. Lukowski to another student. She is so accurate, loving, and hilarious!
One of the best English teachers I have ever had.
I love your class.
I honestly did not think I was going to like Comp, but Dr. Lukowski made it one of my favorite classes this semester.
Her teaching made me start paying attention to the world around me, and the differences in treatment of individuals based on trivial things. I think she made me grow as a person or at least more perceptive, probably both.
Hands down one of my favorite teachers at CBU. I feel like your classroom is a very open space where we can say alms anything we want and and truly express ourselves. And that's what college is all about right? I love that i can get help from you outside of the classroom. That is one of the best qualities here at CBU, having that strong relationship with your professors is beautiful. I like knowing that I can come to you for help even if its not school related. I am definitely going to miss you next semester. Oh and one more thing. I really think that you should get rid of the grammar presentations. This is college and these kids should be smart enough to look up things on their own. Its a waste of time and a waste of paper with all due respect.
Throughout this class, I learned how to correct my writing and see where i could change wording, punctuation, etc. However, I have a complaint about this course. I believe we strayed off topic too much in class. We seemed to stray off the English composition part of the class and tended to talk about things that I did not believe were relevant to the class. For example, talking about problems in society does not pertain to this course in my opinion.

Question: Additional comments	
Favorite class this semester, can't wait for the next one!	
Dr. Lukowski is fun to listen to and is engaging, and makes what would otherwise be a boring subject much better.	
She's a great professor and I learned a lot in her class. I feel confident in my writing now because of the feedback Dr. Lukowski gives me on my assignments.	
Dr. Lukowski is a wonderful teacher and it was a pleasure to have her my first year at cbu.	
Easy class, easy life.	
Dr. Lukowski is a fantastic professor. She's very opinionated and her teaching style really works for me.	
The instructor taught a lot about the subject matter, but I really appreciated the lessons taught about people and life.	
Great teacher and great class. I would take another class from this professor in a heartbeat.
